

Warranty Card SUNNYTECH Solar hot Water Heater

PT Solar System Indonesia warrants each SUNNYTECH water heater and its parts to be free from defects in materials and workmanship according to the following terms, conditions, and time periods. The replacement water heater will be warranted for the unexpired portion of the applicable warranty period of the original water heater. Replacement parts will be warranted for 90 days.

UNLESS OTHERWISE NOTED THESE WARRANTIES COMMENCE ON THE DATE OF INSTALLATION. This limited warranty is only available to the **original owner** of this water heater, and is non-transferable.

Commercial Use Warranty (1 year – Parts, 3 years – Tank)

Water heaters used in a commercial setting shall mean any usage not falling within the definition of a “residential” setting.

COVERAGE

- A. Should a defect or malfunction result in a leakage of water within the above-stated warranty periods due to defective material or workmanship, malfunction, or failure to comply with the above warranty, PT Solar System will replace the defective or malfunctioning water heater with a replacement of the nearest comparable model available at the time of replacement.
- B. If PT Solar System Indonesia is unable to repair or replace the water heater so as to conform to this warranty after a reasonable number of attempts, PT Solar System Indonesia will then provide, at its option, a replacement unit. These remedies are the purchaser’s exclusive remedies for breach of warranty.
- C. If government regulations, industry certification, or similar standards require the replacement water heater or part(s) to have features not found in the defective water heater or part(s), you will be charged the difference in price represented by those required features. If you pay the price difference for those required features and/or to upgrade the size and/or other features available on a new replacement water heater or part(s), you will also receive a complete new limited warranty for that replacement water heater or part(s).
- D. If at the time of a request for service the purchaser cannot provide a copy of the original sales receipt, the warranty period for the water heater shall then be deemed to have commenced thirty (30) days after the date of manufacture of the water heater and **NOT** the date of installation of the water heater.
- E. This warranty extends only to SUNNYTECH Water Heaters or Solar Water Heaters utilized in heating applications that have been properly installed by qualified professionals based upon the manufacturer’s installation instructions.

OWNER RESPONSIBILITIES

To avoid the exclusion list in this warranty, the owner or installer must:

1. Maintain the water heater in accordance with the maintenance procedure listed in the manufacturer’s provided instructions. Preventive maintenance can help avoid any unnecessary breakdown of your water heater and keep it running at optimum efficiency.
2. Maintain all related heating components in good operating condition.
3. Check all condensate lines to confirm that all condensate drains properly from the water heater.
4. Use the water heater in an open system, or in a closed system with a properly sized and installed thermal expansion tank.
5. Use the water heater at water pressures not exceeding the working pressure shown on the rating plate.

WARRANTY EXCLUSIONS

This limited warranty will not cover:

1. Any water heater purchased from an unauthorized dealer or online retailer.
2. Any water heater not installed by a qualified heating installer/service technician.
3. Service trips to teach you how to install, use, maintain, or to bring the water heater installation into compliance with local building codes and regulations.
4. Failure to locate the water heater in an area where leakage of the tank or water line connections and the combination temperature and relief valve will not result in damage to the area adjacent to the water heater or lower floors of the structure.
5. Any failed components of the heat system not manufactured by PT Solar System Indonesia as part of the water heater.
6. Water heaters repaired or altered without the prior written approval of PT Solar System Indonesia.
7. Damages, malfunctions, or failures resulting from failure to install the water heater in accordance with applicable building codes/ordinances or good plumbing and electrical trade practices.
8. Damages, malfunctions, or failures resulting from improper installation, failure to operate the water heater at pressures not exceeding the working pressure shown on the rating plate, or failure to operate and maintain the water heater in accordance with the manufacturer’s provided instructions.
9. Failure to operate the water heater in an open system, or in a closed system with a properly sized and installed thermal expansion tank.
10. Failure or performance problems caused by improper sizing of the water heater, expansion device, piping, or the gas supply line, the venting connection, combustion air openings, electric service voltage, wiring or fusing.
11. Damages, malfunctions, or failures caused by operating the water heater with modified, altered, or unapproved parts.
12. Damages, malfunctions, or failures caused by abuse, accident, fire, flood, freeze, lightning, acts of God and the like.
13. Tank failures (leaks) caused by operating the water heater in a corrosive or contaminated atmosphere.
14. Damages, malfunctions, or failures caused by operating the water heater with an empty or partially empty tank (“dry firing”), or failures caused by operating the water heater when it is not supplied with potable water, free to circulate at all times.
15. Failure of the heater due to the accumulation of solid materials and lime deposits.
16. Components of the water heater that are not defective, but must be replaced during the warranty period as a result of reasonable wear and tear.
17. Damages, malfunctions, or failures caused by subjecting the tank to pressures or firing rates greater than those shown on the rating label.
18. Damages, malfunctions, or failures resulting from the use of any attachment(s) not supplied by PT Solar System.
19. Water heaters moved from the original installation location.
20. Water heaters that have had their rating labels removed.

PROCEDURES FOR WARRANTY SERVICE REQUESTS

Any claim for warranty assistance must be made promptly. Determine if the water heater is “in-warranty” (that is, within the applicable warranty period) by reviewing a copy of the original sales receipt. You must present a copy of the original sales receipt for a warranty service request. If your water heater is “in-warranty”, contact PT Solar System Indonesia (retailer) from whom the water heater was purchased (or the installation worker) for assistance. Be prepared to provide the retailer or installer with a copy of your original receipt, complete model and serial numbers, and the date of installation of your water heater, in addition to explanation of your water heater problem.

Warranty coverage is subject to validation of “in-warranty” coverage by HTP PT Solar System Indonesia claims department personnel. All alleged defective or malfunctioning parts must be returned to PT Solar System Indonesia via the **local distribution channels** where original purchase was made. **NOTE: Any parts or heaters returned to PT Solar System for warranty analysis will become the property of PT Solar System and will not be returned, even if credit is denied.** If all warranty conditions are satisfied, PT Solar System will provide replacement parts to the retailer.

If you have questions about the coverage of this warranty, please contact PT Solar System Indonesia at the address or phone number stated below:
